OBJECTIVE

An aspiring software engineering student looking for a job in reputed company to learn new skills, knowledge and use my skill-set for further development of company

EDUCATION

B.Tech (Information Technology), Medi-Caps University, Indore 2019-23
CGPA-8.1/10

Class 12th (CBSE), Nirmala Convent School, Rajgarh 2018
Percentage - 76.4/100

Class 10th (CBSE), Nirmala Convent School, Rajgarh 2016
CGPA - 8.6/10

SKILLS

Languages	C, C++, HTML, CSS, Javascript, Express.js, Node.js, React JS, Tailwind, Recoil
IT Constructs	DS and Algorithms, OOPS, OS, DBMS, REST API, Fetch API, Git, Github, Postman API
DB Language	MongoDB and Mongoose

PROJECTS

Payment App

- Developed and deployed a payment app using MERN stack and tailwind-CSS for designing
- Integrated with popular payment gateways like PayPal for secure and efficient transactions
- Implemented secure user authentication and authorization using JWT

Course-Selling App

- Developed a full-stack Course selling app using MERN stack used jwt for authentication and mongoose for back-end and used react and hooks for creating front-end
- Users can purchase any course in this app and admin can create various courses and also I used payment gateway and stripes to integrate the payments

My Portfolio

- Made my portfolio web app using react js and tailwind showcasing my skills and projects etc
- Ensured compatibility across various devices (mobile, tablet, desktop) using Tailwind's utility-first CSS framework
- Used node js and mongodb to store form data for backend

CERTIFICATIONS

- MERN stack development (by Harkirat singh's cohort)
- ICT Courses on Web Development (Spoken Tutorials by IIT Bombay)
- C++, C with DSA Certificate (By I-Nate Institute Indore)

CODING PROFILES

- [GeeksForGeeks \(90+ Problems Solved\)](#)

HOBBIES

- Travelling
